Business applications
(Use the navigation links on the left to access the business applications)

We currently offer a range of Business Applications to provide our customers visibility into their country programs.

The Application Suite is a host of the most commonly used SAMIS queries such as: Requisition History, Catalog Data, Contract Data and Narrative.

Warehouse Applications (WVRS), Technical Order Index, Parts and Repair Ordering System (PROS) II Monthly Metrics, Automation features such as automated password resets and additional AFSAC Online Metrics in upcoming months.

Access our business applications directly from our all our pages.

AFSAC Online is a public web site available worldwide. AFSAC Online utilizes PKI enabled SSL (Secure Socket Layer) traffic on port 443. SSL is the industry standard and is among the best software available today for secure online commerce transactions. The servers that encompass AFSAC Online follows stringent procedures employed at the Wright Patterson Air Force Base level as to virus protection and software support issues. These guidelines are followed so that AFSAC's servers can operate in the public/private infrastructure of the Base. These guidelines, which all server tenants adhere to, are reviewed

This report is a web-based version of the modified QUAD Daily financial report used by AFSAC personnel. It provides detailed financial data that depicts the financial status of the customers cases/lines. Financial status from four different data systems (DIFS, CMCS, SAMIS, CPAS) is displayed. Most data elements are updated daily. This query is accessible by our foreign customers.

DSCA Case Financial Status Query

26 APR 2004

Country:
MDD:
Case - From: To:
Display a Maximum of Cases

Submit

Reset

The Defense Security Cooperation Agency (DSCA) Case Financial Status Report summarizes country financial information for reporting to DSCA and to Air Force Security Assistance Center (AFSAC) customers during Financial Management Reviews (FMRs). This program is based on the "Quad Report" financial data and does not include cases with a condition code of D. The report consists of a Case Summary, a Supply Summary, a Supply Discrepancy Report (SDR) Summary, a Closure Summary, and a Case Financial Summary section.
